(Address)

Project Title: Placer County Coordinated Fuel Break, Phase 2Project Applicant: Placer County Resource Conservation District

Project Location - Specific:

T13N R9E Sections 9 & 10, MDBM. Greenwood USGS 7.5' Quad. See map.Project Location - City: ApplegateProject Location - County: Placer**Description of Nature, Purpose and Beneficiaries of Project:**

Project is a cooperative partner effort, funded by CA FIRE, to strategically reduce fuels along the American River canyon rim that borders the communities of Applegate, Heather Glen, Weimar, Clipper Gap, and neighboring Bureau of Land Management (BLM) and Bureau of Reclamation (BOR) lands. This phase aims to maintain low fuel loading on previously treated areas and widen the fuelbreak where it is less likely to be effective. Fuels treatment in the form of mastication, herbicide, grazing, chipping, pile burning, and handwork will occur on up to 250 acres. Trees and brush 10 inches and under in DBH will be eligible for removal. The project will maintain and increase safe ingress and egress routes for fire suppression and evacuation, reduce fuels in topographically appropriate locations, create geographic continuity in fuel reduction and protect important cultural and ecological resources in the area.

Name of Public Agency Approving Project: Placer County Resource Conservation DistrictName of Person or Agency Carrying Out Project: Placer County Resource Conservation District**Exempt Status: (check one):**

- Ministerial (Sec. 21080(b)(1); 15268);
- Declared Emergency (Sec. 21080(b)(3); 15269(a));
- Emergency Project (Sec. 21080(b)(4); 15269(b)(c));
- Categorical Exemption. State type and section number: Categorical Exemption, Class 4
- Statutory Exemptions. State code number: \_\_\_\_\_

**Reasons why project is exempt:**

The Placer RCD is proposing the qualification of exemption from a comprehensive CEQA analysis under the Class 4 category for minor alterations to land. The project will consist of fuels management activities for the maintenance and expansion of a shaded fuel break. The proposed project will reduce the volume of flammable vegetation and will not result in the taking of endangered, rare, or threatened plant or animal species or significant erosion and sedimentation of surface waters. A professional archaeologist will be employed to conduct an archaeological survey of the proposed project area, and the proposed project will not result in impacts to cultural resources. Refer to CA 14 CCR Section 15304.

**Lead Agency**Contact Person: Lewis CampbellArea Code/Telephone/Extension: 530-390-6684**If filed by applicant:**

1. Attach certified document of exemption finding.
2. Has a Notice of Exemption been filed by the public agency approving the project? Yes \_\_\_\_\_ No \_\_\_\_\_
